

PATENTED PROPTECH FOR HOA MANAGEMENT

SIMPLIFY HOA MANAGEMENT. STRENGTHEN YOUR PORTFOLIO. INCREASE REVENUE.

A centralized platform that helps property management companies streamline operations, improve service, scale efficiently, and create new revenue across their portfolios.

OVERVIEW Neighborhood Connections gives HOA property management companies the centralized infrastructure to simplify operations, strengthen client service, create new revenue opportunities, and scale their portfolios with greater control.

CORE PLATFORM FEATURES

Centralized Portfolio Dashboard

Manage community activity and gain greater visibility across your portfolio from one place.

Unified Communications Hub

Keep managers, boards, and residents connected through announcements, notifications, calendars, and direct communication.

Governance & E-Voting Tools

Simplify elections, resolutions, contracts, polling, approvals, and other board processes.

Document & Record Management

Organize community documents, record retention, permissions, and audit trails within one accessible system.

Service Requests & Vendor Coordination

Track work orders, coordinate vendors, and manage service activity through one connected platform.

ONE SYSTEM
OF RECORD

BUILT TO
SCALE

Connect management teams, boards, residents, and vendors through one coordinated platform.

A SMARTER WAY TO MANAGE, SERVE & SCALE
